

INSTITUTE OF MEDICAL & SURGICAL AESTHETICS & TRICHOLOGY

International Masters' course in PMU & Mesotherapy

Director's Message

Welcome to IMSAT!

Aesthetics is a discipline that is in exponential growth, with more number of people becoming aware of the procedures, leading to an unprecedented number of clients opting for various treatment procedures. The rampant increase in the awareness and the people seeking treatment has led to the consequential increase in the need of trained professionals.

IMSAT with its motto "Sculpting Aesthetic skills" is an aspiring world class institute that aims to promote aesthetic medicine at the global platform.

We do not believe perfection to be arbitrary and it needs constant effort and dedication by the individual to attain it. The curriculum, faculty and the structured modules are ever evolving at IMSAT to maintain the standards of a world class institute.

We welcome you to join our ranks of distinguished peers and explore the boundless expanse of aesthetic medicine.

Dr. Rubin S John
